

CAPT. FLOOD RETIRES FROM POLICE WITH INSPECTOR'S PENSION

Reimels Also Quits Department and Lieutenants Ward and Hulse Are Promoted.

Capt. John F. Flood was retired from the Police Department to-day after a medical examination. Commissioner Waldo said Capt. Flood retired on a voluntary application for examination. He will receive a pension of half the salary as inspector, or \$1,760. He was an inspector before the Bingham law went into effect, and his subsequent reduction did not affect his salary.

Capt. Flood is fifty-four years old. Capt. Christian Heimel, of the Vernon Avenue station, sixty-five years old, also was retired in the same manner. He had been a policeman since 1877.

Lieut. William H. Ward, who has been a policeman for twenty years and is reputed to be one of the handsomest men in the department, was promoted to be captain and assigned to the West Thirtieth street station. Lieut. Abram C. Hulse was made captain and put in charge of the St. Nicholas Avenue station. Hulse is fifty years old and has been a policeman since 1880.

The following transfers were made: Capt. John W. Falconer, from East Fifty-first street to Fifth street; Capt. Alfred W. Thor, from West Thirtieth street to East Fifty-first street; Capt. John T. Eth, from lower Fulton street, Brooklyn, to Highbridge; Capt. William Barnes, from the Central Office to lower Fulton street; Capt. William S. Fennell, from Clason Avenue, Brooklyn to Vernon Avenue; and Capt. P. L. Walsh, from St. Nicholas Avenue to Clason Avenue.

HAL CHASE GETS LICENSE TO WED; DIVORCED APRIL 24.

Not satisfied with an experience at matrimony that resulted in his wife getting a decree of absolute divorce from him in the local courts April 21 last, Hal Chase, the crack fielder of the New York American League Baseball team, got another marriage license to-day. As the decree obtained by his wife gave her the right to resume her maiden name, Nellie Hoffmann, and forbade Chase marrying again in this State, he went over to Jersey City. His first wife came from Bayonne.

The license obtained by Chase to-day permits him to marry Anna Marion Chassey of No. 36 West One Hundred and Nineteenth street. Chase said he

didn't think he would be married right away. "I just got the license," he explained, "I have it handy."

GRAFTER ROBINSON TAKEN TO SING SING.

Policeman Convicted of Extortion in Harlem Begins Serving Term of Six to Ten Years.

Thomas F. Robinson, formerly a policeman, convicted of extortion and sentenced to serve from six to ten years in prison, was taken to Sing Sing to-day. John J. Hartigan, another former policeman, is already serving time in Sing Sing, and four ex-inspectors are at tollhouse occupations in the penitentiary. Justice Pendleton, in the Supreme Court, refused Robinson a certificate of reasonable doubt last week.

Sheriff Harburger got into the plot to-day, appearing at the Tomb, bright and early, with two deputies, a pair of handcuffs and a revolver. There were no other prisoners bound for Sing Sing, so the Sheriff could devote his entire attention to Robinson. The former policeman was first taken to Police Headquarters, where he was measured and photographed. Sheriff Harburger got him away on the 10:50 train.

Robinson was convicted of extorting money from Lucio Tancredi, keeper of a restaurant, in East One Hundred and Twenty-fifth street. Tancredi swore Robinson represented himself as the collector for Inspector Dennis Sweeney, who was then in charge of the Sixth Inspection District, in Harlem, and is now serving one year on Blackwell's Island.

Makes New Hardie Record.

CHICAGO, May 25.—Cory, the University High School (Chicago) athlete, made a world's intercollegiate record in the 220-yard hurdles in the University of Michigan's school meet at Ann Arbor Saturday. His friends claimed to-day, Cory's time was 22-5 seconds, while the best time ever made in the event by a preparatory school athlete, according to the A. U. manual, is 25 seconds—the time credited to F. Scheuber in 1901. The manual is silent as to Scheuber's school.

CRIPPLED ENGINEER GETS LEAVE TO LAND HERE.

Foenss Had Sued Ship for Damages and Was About to Be Deported.

The Immigration authorities to-day changed their minds about deporting Axel Foenss, a wealthy young Danish engineer who has a suit for \$25,000 damages against a steamship company for injuries received at sea. The young engineer, who was discovered by an Evening World reporter at Ellis Island, crippled for life and awaiting deportation last Thursday, was allowed to land to-day and is ready to go on with his fight for damages.

He had been in the country seven weeks, most of them in a hospital. He had never been legally admitted, and a

steamship official conducted him to Ellis Island after the suit was filed and the Board of Special Inquiry decided he was liable to become a public charge. He was ordered deported, but a notice of appeal and application for a writ of habeas corpus stayed his departure.

The young engineer is highly educated and had intended to study American automobile construction, with the view of taking foreign agencies and establishing a manufactory. His parents are wealthy.
